It is an extended school activity designed to allow children to be in school before the school day begins and after it finishes, Monday to Friday during term time only.

Breakfast is the most important meal of the day because it boosts energy levels and alertness. Unfortunately some children have shared with their teachers that they have not had breakfast leaving them upset and unable to concentrate on their learning. We recognise that in these times some of our families may be struggling – we may be able to find ways to support you if you let us know. Otherwise – if time is an issue then why not use our before school club who offer breakfast before 8.15 as part of the provision.
